Editorial Review

From Publishers Weekly

The gimmick to accompany the conclusion of the Princess Diaries is this delightful historical romance written by series heroine Princess Mia Thermopolis (with help from Cabot, who is donating all proceeds to Greenpeace). Finn Crais is the resourceful daughter of a miller living in Stephensgate, England, in 1291. When Finn's older sister, Mellana, gets pregnant by a troubadour and has no money for a dowry, Finn agrees to carry out Mellana's ridiculous plan to abduct a wealthy man and hold him ransom, settling on Earl Hugh Fitzstephen, fresh back from the crusades and loaded with gold and jewels. Finn doesn't realize who it is she's captured, and Fitzstephen, owing to a curiosity about Finn and wanting to see where the kidnapping will lead, plays along. As to be expected, passions become enflamed, and Finn discovers her sister's plan may not be as simple as she originally thought. Though predictable, the novel is thoroughly enjoyable and funny. Cabot's fans, and particularly those graduating from the Princess Diaries, will be pleased, especially as they may have read brief excerpts in *Forever Princess*, the series finale (Reviews, p. 55). Starred Review Her Royal Highness Amelia Mignonette Grimaldi Thermopolis Renaldi, Crown Princess of Genovia, has decided to write her own book. "Mia" is used to fame, after all, since her creator turned coauthor, Meg Cabot, has shared her story in the bestselling Princess Diaries series. Now Mia tells the tale of Finnula Crais, a thirteenth-century lass whose skills as an archer far surpass those of anyone else in her village. She often shoots forbidden game in the forest belonging to Sir Hugo Fitzstephen, Earl of Stephensgate, sharing the meat with the struggling peasantry. When another of Finnula's many sisters is about to get married and the family can't afford a dowry, the incorrigible Finnula decides to kidnap Sir Hugo, who has returned from the Crusades with what she figures must be a bounty of spoils. Then the worst thing possible happens: Finnula falls in love with the captive knight. The antics and adventures of the feisty heroine and frustrated hero make this hilarious medieval romance a sure-to-please page-turner. And the authors are true to their animal-rights and environmental convictions: all proceeds from the novel, which is printed on environmentally friendly paper, will be donated to Greenpeace. --Shelley Mosley
