## Silent Spring By Rachel Carson

Rachel Carson's *Silent Spring* was first published in three serialized excerpts in the *New Yorker* in June of 1962. The book appeared in September of that year and the outcry that followed its publication forced the banning of DDT and spurred revolutionary changes in the laws affecting our air, land, and water. Carson's passionate concern for the future of our planet reverberated powerfully throughout the world, and her eloquent book was instrumental in launching the environmental movement. It is without question one of the landmark books of the twentieth century.

### Editorial Review

#### Amazon.com Review

*Silent Spring*, released in 1962, offered the first shattering look at widespread ecological degradation and touched off an environmental awareness that still exists. Rachel Carson's book focused on the poisons from insecticides, weed killers, and other common products as well as the use of sprays in agriculture, a practice that led to dangerous chemicals to the food source. Carson argued that those chemicals were more dangerous than radiation and that for the first time in history, humans were exposed to chemicals that stayed in their systems from birth to death. Presented with thorough documentation, the book opened more than a few eyes about the dangers of the modern world and stands today as a landmark work.

#### Review

Her book is a cry to the reading public to help curb private and public programs which by use of poisons will end by destroying life on earth. ... Miss Carson, with the fervor of an Ezekiel, is trying to save nature and mankind ... -- *The New York Times Book Review*, Lorus Milne and Margery Milne

#### About the Author

Rachel Carson (1907–1964) spent most of her professional life as a marine biologist with the U.S. Fish and Wildlife Service. By the late 1950s, she had written three lyrical, popular books about the sea, including the best-selling *The Sea Around Us*, and had become the most respected science writer in America. She completed *Silent Spring* against formidable personal odds, and with it shaped a powerful social movement that has altered the course of history.

### Users Review

#### From reader reviews:

##### Donna Clark:
