Editorial Review

Review

"Perhaps Hart's most significant contribution is placing the Revolution in the context of worldwide nationalistic uprisings which occurred in the early 20th-century in places such as Russia, Iran and China. An impressive piece of scholarship."--"Books of the Southwest

From the Inside Flap

"This is the best book on Mexico I have ever seen. . . . The author's achievement, I believe is not merely in the remarkably deep and sustained use of new information, but, equally, in his success in envisioning the sweeping analysis which he then carries through the whole work."—Clifton B. Kroeber, Occidental College

From the Back Cover

This reinterpretation of the Mexican Revolution, based on new evidence obtained in Mexican and American archives and on the historical literature of recent years, is a major and original contribution to our understanding of Mexican history.

Users Review
