Object-Based Image Analysis and Treaty Verification: New Approaches in Remote Sensing - Applied to Nuclear Facilities in Iran By Sven Nussbaum, Gunter Menz

This book describes recent progress in object-based image interpretation. It presents new results in its application to verification of nuclear non-proliferation. A comprehensive workflow and newly developed algorithms for object-based high resolution image (pre-) processing, feature extraction, change detection, classification and interpretation are developed, applied and evaluated. The analysis chain is demonstrated with satellite imagery acquired over Iranian nuclear facilities.

Editorial Review

From the Back Cover

The availability of new high resolution satellite data brings with it the need for new image analysis methods. Traditional pixel-oriented algorithms do not give credit to the spatial coherence of high resolution imagery. In particular, for detection and classification of man-made structures, object-based procedures are much more appropriate. The use of object features such as scale, compactness, orientation and texture, in addition to spectral characteristics, extends the possibilities of remote sensing satellite image analysis considerably.

This book describes recent progress in object-based image interpretation, and also presents many new results in its application to verification of nuclear non-proliferation. A comprehensive workflow and newly developed algorithms for object-based high resolution image (pre-) processing, feature extraction, change detection, classification and interpretation are developed, applied and evaluated. The entire analysis chain is demonstrated with high resolution imagery acquired over Iranian nuclear facilities.

Users Review

From reader reviews:

Antoinette Holdren:

Do you among people who can't read satisfying if the sentence chained inside straightway, hold on guys this particular aren't like that. This Object-Based Image Analysis and Treaty Verification: New Approaches in Remote Sensing - Applied to Nuclear Facilities in Iran book is readable by means of you who hate the straight word style. You will find the details here are arrange for enjoyable reading through experience without leaving even decrease the knowledge that want to give to you. The writer of Object-Based Image Analysis and Treaty Verification: New Approaches in Remote Sensing - Applied to Nuclear Facilities in Iran content conveys the thought easily to understand by lots of people. The printed and e-book are not different in the articles but it just different as it. So , do you even now thinking Object-Based Image Analysis and Treaty Verification: New Approaches in Remote Sensing - Applied to Nuclear Facilities in Iran is not loveable to be your top collection reading book?

Anthony Moss:

This Object-Based Image Analysis and Treaty Verification: New Approaches in Remote Sensing - Applied to Nuclear Facilities in Iran is great publication for you because the content which can be full of information for you who always deal with world and also have to make decision every minute. That book reveal it information accurately using great arrange word or we can point out no rambling sentences in it. So if you are read it hurriedly you can have whole data in it. Doesn't mean it only provides straight forward sentences but challenging core information with beautiful delivering sentences. Having Object-Based Image Analysis and Treaty Verification: New Approaches in Remote Sensing - Applied to Nuclear Facilities in Iran in your hand like having the world in your arm, facts in it is not ridiculous 1. We can say that no reserve that offer

you world throughout ten or fifteen moment right but this e-book already do that. So , this is good reading book. Hi Mr. and Mrs. active do you still doubt that will?

Alisa Gordon:

Many people spending their time by playing outside using friends, fun activity along with family or just watching TV the whole day. You can have new activity to enjoy your whole day by reading through a book. Ugh, do you consider reading a book really can hard because you have to use the book everywhere? It alright you can have the e-book, delivering everywhere you want in your Mobile phone. Like Object-Based Image Analysis and Treaty Verification: New Approaches in Remote Sensing - Applied to Nuclear Facilities in Iran which is keeping the e-book version. So , try out this book? Let's see.

Henrietta Belcher:

A lot of e-book has printed but it is unique. You can get it by net on social media. You can choose the best book for you, science, comedy, novel, or whatever simply by searching from it. It is named of book Object-Based Image Analysis and Treaty Verification: New Approaches in Remote Sensing - Applied to Nuclear Facilities in Iran. You can add your knowledge by it. Without causing the printed book, it could add your knowledge and make an individual happier to read. It is most critical that, you must aware about publication. It can bring you from one destination for a other place.
