**Social Work Research and Evaluation: Quantitative and Qualitative Approaches (Social Work Research Methods / Writing / Evaluation)** By Jr. Richard M. Grinnell

This widely adopted text is designed to give students the basic methodological foundation they need in order to successfully complete more advanced research courses that focus on single-system designs or program evaluations. Content is clearly explained and illustrated with social work examples that students can understand. Many of the examples concern women and minorities, and special emphasis is given to the application of research methods to the study of these groups.
