Fellatrix: 9 Simple Sex Secrets of Giving Great Blowjobs By Eva Arlington

Great head is an art form that's mastered through knowledge and experience. No matter how great your skills are, my personal belief is that it never hurts to keep learning.

I remember when I first ventured out to write about giving great head, some of my friends laughed at me.

"Eva," they said, tears rolling down their eyes. "Who needs to know how to give head? It's easy. In fact, men should just be happy that we actually are willing to head down there in the first place."

Now – hundreds of thousands of copies sold later – their perspective has changed. All the wonderful emails, filled with questions, thanks, and testimonials, have shown there are women (and men) like you who appreciate learning. I've even moved into the realm of coaching women and couples on finding the pleasure in oral sex. It's interesting, rewarding – and the reason why this book is here today.

Steamy movie scenes, adult films, and romance novels make sex seem so easy. In many ways, it is. But in quite a few more, it's not. No two lovers are the same, and the chemistry each person brings mixes completely uniquely within the experience. The way you make love to your current lover is not the same way you've made love to men in your past. (Even if everyone loves what you do.)

That being said, this guide takes the best secrets I've held and shared with hundreds of my private clients about tapping into your intuition, partnering it with skill, passion, and technique, and developing a personal art to giving head that's all your own.

My deepest desire is that you enjoy *Fellatrix: 9 Simple Secrets for Giving Great Head* - and use it to your advantage. There are plenty of books on the world of sex, and many on the art of oral sex, however my sincere desire is that you pick up something from this book that you can truly use in your love life.
