Editorial Review

From the Back Cover

While based on a thorough study of the Greek text, the commentary introductions and expositions contain a minimum of Greek references. The NICNT authors evaluate significant textual problems and take into account the most important exegetical literature. More technical aspects--such as grammatical, textual, and historical problems--are dealt with in footnotes, special notes, and appendixes.

Users Review

From reader reviews:

Emmanuel Young:

Book is actually written, printed, or illustrated for everything. You can know everything you want by a e-book. Book has a different type.
