The online *Interactive Resource Center* contains resources tied to the book, such as:

- Interactive Forms and Checklists
- Downloadable Bibliography
- Flashcards by chapter for focused learning

Get up to speed on the latest codes with the complete reference for interiors.

The Codes Guidebook for Interiors, Sixth Edition is the standards reference of choice for designers and architects, and the only guide devoted exclusively to codes applicable to interiors. With jargon-free explanations of all standards and regulations of concern to designers and architects, the book takes readers step-by-step through the codes relevant to each stage in the design process. The updated sixth edition features the latest information on fire codes, performance codes, building and finish standards, energy codes, and accessibility regulations, plus enhanced illustrations that clearly demonstrate how codes apply in real-life scenarios.

Interior designers, architects, and facility managers need a basic understanding of the various codes involved with building interiors. These codes are updated on a continuous basis, and professionals must stay on top of new requirements and upcoming codes processes. *The Codes Guidebook for Interiors* is a complete reference, organized by stage for easy navigation, and comprehensive enough for use as a review for the NCIDQ and ARE exams. The sixth edition contains the most recent developments in interior codes and regulations, including:

- 2012 ICC codes, including the IBC, and ICC International Green Construction

Code

- Coverage of changes to ADA standards and ICC/ASI accessibility requirements
- New standards, terminology, and federal regulations
- Updated information on sustainability as it relates to codes and regulations

 Having all applicable codes in a single resource saves hours of research time, and can dramatically reduce the potential for costly planning oversights. Whether renovation or new construction, small or large, codes apply to every project. *The Codes Guidebook for Interiors* provides designers with the comprehensive information they need to stay up-to-date.

KATHERINE E. KENNON, AIA, is a professional architect, educator, and code consultant. She is an adjunct professor at Watkins College of Art, Design, and Film in Nashville, TN. She also conducts continuing education seminars on design, building codes, and accessibility issues for design students and professionals.

Users Review

From reader reviews:

Tisha Betancourt:

As people who live in often the modest era should be update about what going on or data even knowledge to

make them keep up with the era which can be always change and move ahead. Some of you maybe can update themselves by studying books. It is a good choice for you personally but the problems coming to an individual is you don't know what one you should start with. This The Codes Guidebook for Interiors is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and want in this era.

Derek Winter:

Nowadays reading books be a little more than want or need but also work as a life style. This reading addiction give you lot of advantages. Associate programs you got of course the knowledge the particular information inside the book that will improve your knowledge and information. The details you get based on what kind of publication you read, if you want get more knowledge just go with education and learning books but if you want feel happy read one along with theme for entertaining for example comic or novel. Often the The Codes Guidebook for Interiors is kind of e-book which is giving the reader erratic experience.

Robert Ross:

In this period globalization it is important to someone to obtain information. The information will make someone to understand the condition of the world. The condition of the world makes the information quicker to share. You can find a lot of personal references to get information example: internet, magazine, book, and soon. You can view that now, a lot of publisher that will print many kinds of book. Typically the book that recommended to you personally is The Codes Guidebook for Interiors this publication consist a lot of the information with the condition of this world now. This kind of book was represented how do the world has grown up. The language styles that writer make usage of to explain it is easy to understand. The actual writer made some investigation when he makes this book. That's why this book suited all of you.

Ronna Rutledge:

This The Codes Guidebook for Interiors is new way for you who has curiosity to look for some information mainly because it relief your hunger details. Getting deeper you upon it getting knowledge more you know otherwise you who still having small amount of digest in reading this The Codes Guidebook for Interiors can be the light food to suit your needs because the information inside this kind of book is easy to get by simply anyone. These books acquire itself in the form and that is reachable by anyone, yeah I mean in the e-book form. People who think that in e-book form make them feel sleepy even dizzy this reserve is the answer. So there is not any in reading a guide especially this one. You can find actually looking for. It should be here for a person. So , don't miss the idea! Just read this e-book kind for your better life as well as knowledge.
