### **Pani Puri and the Passive Voice** By K Manjula

Come and step into the world of a bunch of writers who work in a large software company. Just like many Indians who love their spicy snacks, this sprightly team loves some sweet and sour on their plates and in their lives. That's exactly what they're treated to in the weird and whacky software world, where everything changes at the drop of a hatpin. While techies are busy coding apps, writers try to 'decode' it all by writing manuals for customers. In the process, they are often flummoxed by the intricacies of the English language. But their funny bone gets tickled very often and this helps them cruise through all the method and madness.
