Hearing God's Voice By Henry T. Blackaby, Richard Blackaby

Based on classic Experiencing God principles, Hearing God's Voice is for those who are ready to listen. Beloved author Henry Blackaby and his son Richard help those who are listening to discern the voice of God, to identify ways He speaks, and to respond to His revelations of His will. God speaks to individuals in ways that are personal and unique to each person. God will never say anything that contravenes what He has said in the Bible, and usually He confirms what He has said. After you learn to listen to God, hearing from God will be as natural as communicating with a close friend.

Stating that few of us have the experience of speaking directly to God, as Moses did, Christian scholars Henry and Richard Blackaby give advice on other ways to "hear" His voice. There are examples of ordinary people having a strong feeling to do something that seems crazy. Mel Foster reads with conviction and reveals that when people muster the courage to do what appears insane, it usually becomes clear that it's the right thing to do. In hushed tones, Foster encourages listeners to heed that nagging feeling. This tape is worth listening to for the Blackabys' advice on finding God's will for your life.
