**Rock Solid Answers: The Biblical Truth Behind 14 Geologic Questions** By Mike Oard, John k. Reed

The truth of the Genesis Flood, reasserted into the scientific debate during the last half of the 20th century, has been challenged on a variety of academic and scientific fronts. The Creation Research Society has now assembled a team of scholars to answer some of the most persistent arguments leveled by the secular geological establishment standing in opposition to a biblical timeline.

- Solves the most fascinating geological mysteries of the earth
- Examine features of caves, fossil preservation, dinosaur tracks, Mt. Everest, soils, modern and ancient reefs, fossil distribution and more
- Read essays and research from leading experts including Andrew Snelling, Aaron Hutchinson, Emil Silvestru, Peter Klevberg, Rick Bandy, John Whitmore, Ian Judy, and co-editors Mike Oard and John K. Reed

Questions centering on the earth's geology remain some of the biggest stumbling blocks for people trying to reconcile biblical history with a modern scientific timeline. Now this powerful group of authors provides clear, compelling, and comprehensive answers to the most common objections for a global flood and a young earth. Uncovering what the science really shows about these geological mysteries, as well as providing detailed context and evidence, *Rock Solid Answers* reveals irrefutable truths that the earth continues to bear the scars of - and bear witness to - this pivotal biblical event!
