Your light-hearted, practical approach to conquering calculus

Does the thought of calculus give you a coronary? You aren't alone. Thankfully, this new edition of *Calculus Workbook For Dummies* makes it infinitely easier. Focusing "beyond the classroom," it contains calculus exercises you can work on that will help to increase your confidence and improve your skills. This hands-on, friendly guide gives you hundreds of practice problems on limits, vectors, continuity, differentiation, integration, curve-sketching, conic sections, natural logarithms, and infinite series.

Calculus is a gateway and potential stumbling block for students interested in pursuing a career in math, science, engineering, finance, and technology. Calculus students, along with math students in nearly all disciplines, benefit greatly from opportunities to practice different types of problems—in the classroom and out. *Calculus Workbook For Dummies* takes you step-by-step through each concept, operation, and solution, explaining the "how" and "why" in plain English, rather than math-speak. Through relevant instruction and practical examples, you'll soon learn that real-life calculus isn't nearly the monster it's made out to be.

- Master differentiation and integration
- Use the calculus microscope: limits
- Analyze common functions
- Score your highest in calculus

Complete with tips for problem-solving and traps to avoid, *Calculus Workbook For Dummies* is your sure-fire weapon for conquering calculus!

Mark Ryan has taught pre-algebra through calculus for more than 25 years. In 1997, he founded The Math Center in Winnetka, Illinois, where he teaches classes and tutors students in all levels of mathematics.

Users Review

From reader reviews:

Nyla Gomez:

Book is to be different for each and every grade. Book for children until adult are different content. As we know that book is very important usually. The book Calculus Workbook For Dummies had been making you to know about other know-how and of course you can take more information. It is extremely advantages for you. The guide Calculus Workbook For Dummies is not only giving you considerably more new information but also to be your friend when you feel bored. You can spend your personal spend time to read your publication. Try to make relationship while using book Calculus Workbook For Dummies. You never really feel lose out for everything should you read some books.

Michele Reynolds:

Exactly why? Because this Calculus Workbook For Dummies is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will distress you with the secret it inside. Reading this book adjacent to it was fantastic author who have write the book in such awesome way makes the content inside of easier to understand, entertaining approach but still convey the meaning fully. So , it is good for you for not hesitating having this any longer or you going to regret it. This unique book will give you a lot of rewards than the other book get such as help improving your proficiency and your critical thinking way. So , still want to hold up having that book? If I were you I will go to the guide store hurriedly.

Robert Harriman:

This Calculus Workbook For Dummies is great reserve for you because the content and that is full of information for you who have always deal with world and possess to make decision every minute. This specific book reveal it information accurately using great arrange word or we can say no rambling sentences inside. So if you are read the idea hurriedly you can have whole data in it. Doesn't mean it only provides straight forward sentences but hard core information with wonderful delivering sentences. Having Calculus Workbook For Dummies in your hand like having the world in your arm, facts in it is not ridiculous 1. We can say that no book that offer you world with ten or fifteen minute right but this publication already do that. So , this is good reading book. Hello Mr. and Mrs. occupied do you still doubt which?

Debra Capone:

Beside this Calculus Workbook For Dummies in your phone, it could give you a way to get more close to the new knowledge or facts. The information and the knowledge you may got here is fresh through the oven so don't end up being worry if you feel like an old people live in narrow town. It is good thing to have Calculus Workbook For Dummies because this book offers for you readable information. Do you often have book but you seldom get what it's all about. Oh come on, that won't happen if you have this within your hand. The Enjoyable arrangement here cannot be questionable, like treasuring beautiful island. Use you still want to miss the idea? Find this book along with read it from currently!
