It's not just fast food operations. Thousands of businesses in a wide variety of industries with branded products or trade secrets are branching into franchising and licensing as powerful growth and intellectual capital harvesting strategies. But many are rushing blindly ahead, without a clearly defined plan of action, and stumbling every step of the way.

Avoid the mistakes that trip up your competitors—miscommunication, unrealistic goals, ill-formed selection of franchisees, lax enforcement of the brand, and more—by following this complete, fail-safe plan for setting up and operating a profitable franchising operation.

Covering every crucial business, legal, and financial step, *Franchising & Licensing* has served as the definitive resource to the domestic and international franchising community for more than 20 years. And it's now completely overhauled to reflect important new trends, laws, and strategies: new FDD disclosure regulations, updated branding strategies and global trademark laws, social networking tips for franchise recruitment and relations, M&A and private equity trends in franchising, the latest best practices in franchising operations and training, and much more.

Whether you're a small start-up or an established giant, *Franchising & Licensing* gives you the tips and tools you won't find anywhere else:

- 17 key components for building strong, long-term relationships with your franchisees
- 75 items to include in your operations manual, an essential document that sets the stage for success
- 16 criteria for developing systems standards that are clear and attainable, and enforced consistently and effectively
- 23 items to include in the compliance file of every franchise candidate—protection in the event of a dispute or investigation
- 10 problem areas that frequently lead to litigation, with tips on how to resolve conflicts before they escalate
- 5 ways that Internet marketing and social media have radically altered the lead generation process
- 8 key questions that can help you determine the right type of capital to raise
- 19 special issues to consider when negotiating and preparing merchandise licensing agreements
- and much more

Dozens of books have been written for individuals interested in buying a franchise, but only this one comprehensively covers the franchisor side of the equation, supplying a broad overview, step-by-step guidelines, and dozens of sample documents for launching a successful operation.
