Editorial Review

Review

"Cosimo Schinaia's book *On Paedophilia* is....an impressive, scholarly, and much needed addition to psychoanalytic literature on this neglected subject. In his Introduction, Schinaia responds to the meagre psychoanalytic bibliography on paedophilia by asking: 'why have psychoanalysts not been interested in the issue of paedophilia, and specifically in the psychopathology of the paedophile'? He not only proceeds to address that question, but through the eleven chapters of his book Dr Schinaia and his colleagues proceed to deepen and broaden our knowledge of the psychopathology of the paedophile." (Donald Campbell, past President)
