BUSINESS AND SOCIETY: A STRATEGIC APPROACH TO SOCIAL RESPONSIBILITY AND ETHICS, Fourth Edition, introduces a strategic social responsibility framework for courses that address the role of business in society. Social responsibility is presented as the extent to which a business adopts a strategic focus for fulfilling the economic, legal, ethical, and philanthropic responsibilities expected by all its stakeholders. In this fourth edition, the authors present the most up-to-date findings in the field, describe best practices, encourage student decision-making, provide cutting-edge cases, and inspire the application of social responsibility principles to a variety of situations and organizations. Additionally, a comprehensive teaching and learning package ensures that business students understand and appreciate concerns about business ethics, social auditing, corporate social responsibility, corporate governance, sustainability, and a host of other factors involving a global perspective for today's business leaders.
