Can Homosexuality Be Healed? By Francis MacNutt

Too often, especially in the church, the subject of homosexuality causes deep misunderstanding and painful rifts. Is it really possible to believe that homosexuals did not choose that lifestyle, and yet maintain biblically that the behavior is sinful? Yes, says author Francis MacNutt, and the prayerful result leads to a new possibility: Jesus Christ can transform the homosexual's orientation so that he or she can actually become heterosexual.

The striking clarity and practicality of this book will guide the compassionate reader who feels intuitively (and biblically) that homosexuality is wrong but fears being labeled ignorant or "homophobic." And homosexuals who want to change will find that specific prayer brings extraordinary results.

Editorial Review

From the Back Cover

Is there hope and help for those who are struggling?

To someone struggling with homosexuality, churches can present a confusing message. Some insist that a repentant homosexual renounce all ties to the homosexual lifestyle and live out his or her days in celibacy. Others believe that since no one chooses to be homosexual, the only compassionate solution is complete acceptance. Neither viewpoint takes into account all aspects of the issue. Is there another option that incorporates not only the traditional position that homosexual acts are sinful but also the fundamental reality of every person's need for love and acceptance?

Over the years, Francis MacNutt has seen phenomenal results in the area of healing for homosexuals. Through prayer, those same-sex desires can be changed . . . healed. Gays or lesbians actually become heterosexual. Here Dr. MacNutt shares real-life examples, compassionate understanding of the issues and practical advice for anyone seeking freedom from homosexuality, as well as for those seeking help for gay friends or family.
