**Advanced Pinstripe Art (How-To Secrets from the Masters)** By Tim Remus

Since the days of Von Dutch, hot rod and motorcycle enthusiasts have used pinstripes both as stand-alone art, and as a compliment to a set of flames or graphic paint job. Timothy Remus uses over 500 color images to present the work of 11 well-known pinstripe artists. Each chapter presents one start-to-finish project and an interview with the artist. The photo sequences take the viewer from the initial sketch to the finished project. Text explains each step of the artwork, the interviews explain the artist's choice for paint and brushes. The artwork, often complimented with gold leaf or airbrush colors, is done on panels as well as various vehicles and components. *Advanced Pinstripe Art* brings the reader into the shop of some of the world's best pinstripe artists for an intense and intimate how-to lesson. This is pinstripe school, taught by masters and brought to your own home or shop.
