The Princesse de Cleves (Penguin Classics) By Madame de Lafayette

Set towards the end of the reign of Henry II of France, *The Princesse de Cleves* (1678) tells of the unspoken, unrequited love between the fair, noble Mme de Cleves, who is married to a loyal and faithful man, and the Duc de Nemours, a handsome man most female courtiers find irresistible. Warned by her mother against admitting her passion, Mme de Cleves hides her feelings from her fellow courtiers, until she finally confesses to her husband - an act that brings tragic consequences for all. Described as France's first modern novel, *The Princesse de Cleves* is an exquisite and profound analysis of the human heart, and a moving depiction of the inseparability of love and anguish.

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
