Bath Planning: Guidelines, Codes, Standards By NKBA (National Kitchen and Bath Association)

The leading resource for student and professional bath designers—completely revised and updated

Bath Planning is the most authoritative resource available on the subject, containing everything a professional needs to know to design a safe, functional, effective, and attractive bath. Based on the National Kitchen and Bath Association's Kitchen and Bathroom Planning Guidelines and the related Access Standards, this book presents the best practices developed by the Association's committee of professionals through extensive research.

This *Second Edition* has been completely revised and redesigned throughout, with new full-color photographs and illustrations and a special emphasis on client needs, research, and references to industry information. Features include:

- New and expanded information on universal design and sustainable design
- The 2012 edition of the NKBA Planning Guidelines with Access Standards and up-to-date applications of the 2012 International Residential Code®
- New information about storage, cabinet construction, and specifying cabinets
- Metric measurement equivalents included throughout
- A companion website with forms and teaching resources for instructors

The **NATIONAL KITCHEN & BATH ASSOCIATION** is the only nonprofit trade association dedicated exclusively to the kitchen and bath industry and is the leading source of information and education for professionals in the field. With more than 50,000 members, it has provided valuable resources for industry professionals, students, and consumers for more than fifty years.

Users Review

From reader reviews:

Leticia Cantrell:

Book is actually written, printed, or highlighted for everything. You can realize everything you want by a e-book. Book has a different type. As you may know that book is important point to bring us around the world. Close to that you can your reading ability was fluently. A reserve Bath Planning: Guidelines, Codes, Standards will make you to end up being smarter. You can feel far more confidence if you can know about anything. But some of you think in which open or reading the book make you bored. It is far from make you fun. Why they may be thought like that? Have you in search of best book or appropriate book with you?

Shawn Francis:

This Bath Planning: Guidelines, Codes, Standards are generally reliable for you who want to be a successful person, why. The main reason of this Bath Planning: Guidelines, Codes, Standards can be one of the great books you must have will be giving you more than just simple reading through food but feed you with information that maybe will shock your earlier knowledge. This book is actually handy, you can bring it everywhere you go and whenever your conditions in the e-book and printed ones. Beside that this Bath Planning: Guidelines, Codes, Standards forcing you to have an enormous of experience like rich vocabulary, giving you trial of critical thinking that we realize it useful in your day pastime. So , let's have it and luxuriate in reading.

Russell Carson:

The reason? Because this Bath Planning: Guidelines, Codes, Standards is an unordinary book that the inside of the guide waiting for you to snap the idea but latter it will zap you with the secret the idea inside. Reading this book close to it was fantastic author who else write the book in such incredible way makes the content inside easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this any more or you going to regret it. This unique book will give you a lot of advantages than the other book have such as help improving your proficiency and your critical thinking means. So , still want to hold up having that book? If I were being you I will go to the reserve store hurriedly.

Maureen Bonds:

On this era which is the greater man or woman or who has ability in doing something more are more special than other. Do you want to become considered one of it? It is just simple way to have that. What you should do is just spending your time not much but quite enough to have a look at some books. One of many books in the top collection in your reading list is actually Bath Planning: Guidelines, Codes, Standards. This book which can be qualified as The Hungry Hills can get you closer in becoming precious person. By looking up and review this guide you can get many advantages.
