Musculoskeletal MRI Structured Evaluation: How to Practically Fill the Reporting Checklist By Dr. Avneesh Chhabra MD, Dr. Theodoros Soldatos

Meet the growing demand for **structured MSK imaging reports** with *Musculoskeletal MRI Structured Evaluation: How to Practically Fill the Reporting Checklist!* Written by experts in musculoskeletal imaging, this new radiology reference offers you structured checklists for interpreting and reporting a full range of musculoskeletal MRI examinations. It describes how to use these templates and incorporate them into your practice so you can provide **efficient, accurate, complete, and consistently formatted reporting**.

Key Features

- Discusses the **advantages** of using structured templates; the **protocols** for different musculoskeletal MRI examinations, designed to answer the questions of the referring physician; **how to fill in the structured template** using a checklist approach; and how to arrive at the **most relevant diagnostic impression**
- Explores a separate joint or specific group of entities in each chapter, and includes the **reporting template** along with a **step-by-step description** and **abundant imaging examples** that capture the entire spectrum of corresponding pathology
- Focuses on the **most common clinical scenarios** encountered in daily practice, and summarizes various related syndromes at the end of the chapters

Now with the print edition, enjoy the bundled **interactive eBook edition**, offering **tablet, smartphone, or online access to:**

- **Complete content** with enhanced navigation
- A **powerful search** that pulls results from content in the book, your notes, and even the web
- **Cross-linked pages**, references, and more for easy navigation
- **Highlighting tool** for easier reference of key content throughout the text
- The ability to **take and share notes** with friends and colleagues
- **Quick reference tabbing** to save your favorite content for future use
