The Router Table Book (A Fine Woodworking Book) By Ernie Conover

This is an introduction to the practice of using a router table - the tool that has revolutionized the craft of woodworking. It focuses on how to make the most of a router table, showing which routers work best with tables; explains how to build jigs and fixtures that will improve the results gained from using a router table; and discussed the principles of jig design so that readers can design their own jigs.
