Practical Counselling Skills: An Integrative Approach By Kathryn Geldard

Practical Counselling Skills is a comprehensive course text for training new counsellors in basic and more advanced counselling micro-skills which come from a number of therapeutic approaches. The book enables new trainees to learn how to make informed choices about the type of skill to use and how to integrate these skills within a sequential counselling process. It contains the following:

- A wide variety of examples to illustrate each counselling micro-skill
- Practice examples of client statements for use by students, with suggested counsellor responses
- Client statements, without solutions, for use by teachers in helping students to learn particular micro-skills
- An explanation of the therapeutic approaches related to particular micro-skills
- A discussion of the way to combine skills to facilitate change
- A discussion of a range of practical issues including cultural and ethical issues, the counselling environment, keeping records, the need for supervision, and the need for the counsellor to look after themselves
