Decision Quality: Value Creation from Better Business Decisions By Carl Spetzler, Hannah Winter, Jennifer Meyer

Add value with every decision using a simple yet powerful framework

Few things are as valuable in business, and in life, as the ability to make good decisions. Can you imagine how much more rewarding your life and your business would be if every decision you made were the best it could be? *Decision Quality* empowers you to make the best possible choice and get more of what you truly want from every decision.

Dr. Carl Spetzler is a leader in the field of decision science and has worked with organizations across industries to improve their decision-making capabilities. He and his co-authors, all experienced consultants and educators in this field, show you how to frame a problem or opportunity, create a set of attractive alternatives, identify relevant uncertain information, clarify the values that are important in the decision, apply tools of analysis, and develop buy-in among stakeholders. Their straightforward approach is elegantly simple, yet practical and powerful. It can be applied to all types of decisions.

Our business and our personal lives are marked by a stream of decisions. Some are small. Some are large. Some are life-altering or strategic. How well we make those decisions truly matters. This book gives you a framework and thinking tools that will help you to improve the odds of getting more of what you value from every choice. You will learn:

- The six requirements for decision quality, and how to apply them
- The difference between a good decision and a good outcome
- Why a decision can only be as good as the best of the available alternatives
- Methods for making both "significant" and strategic decisions
- The mental traps that undermine decision quality and how to avoid them
- How to deal with uncertainty—a factor in every important choice
- How to judge the quality of a decision at the time you're making it
- How organizations have benefited from building quality into their decisions.

Many people are satisfied with 'good enough' when making important decisions. This book provides a method that will take you and your co-workers beyond 'good enough' to true *Decision Quality*.

Editorial Review

From the Inside Flap

Few things are as valuable in business, and in life, as the ability to make good decisions. *Decision Quality* is here to help you make decisions that maximize value creation and manage risk—every time.

The book comes from the dynamic team of award-winning educator Carl Spetzler and his colleagues, Hannah Winter and Jennifer Meyer. This trio has helped shape the decision quality profession over the years—in the field and in the classroom. They've also worked with leaders around the world, across industries, to elevate the quality of their decisions. That same expertise is now available to you.

The framework at the heart of this book comes from the authors' decades-deep foundation in decision theory, behavioral decision sciences, and real-world practice. You'll get a reliable methodology that can be applied to all types of decisions—from business to personal, for big bets or smaller choices—regardless of your level, specialty, and industry. Every chapter unfolds with focused lessons, insights, and examples to help you navigate complex decisions.

Decision Quality enables you to:

- Avoid the most common traps that undermine decision making
- Judge the quality of your decisions more accurately, as you're making them
- Navigate today's uncertainties with confidence
- Execute on your decisions with greater buy-in and success

Join the growing group of leaders who are making decisions that create greater value—every time.

From the Back Cover

Praise for DECISION QUALITY

"No one has coached more businesses through high-stakes strategic decisions than Carl Spetzler and the team at SDG. If you're looking for wisdom on making better decisions in your business, you've come to the right place."

—**CHIP & DAN HEATH**, Bestselling CoAuthors including *Decisive: How to Make Better Choices in Life and Work*

"An excellent guide for consultants, technical experts, and program managers to achieve the most impact from their work."

—**THOMAS OLAVSON, PhD**, Google Inc.

"From beginning to end, this book underscores the business benefits that accrue from investing in decision quality processes. The authors offer actionable steps that leaders can take to check biases rooted in deeply held beliefs, and steer their organizations toward better value creation."

—**PHILIP E. TETLOCK, PhD**, Bestselling Author including *Superforecasting: The Art and Science of Prediction*

"A clear 'must read' for everyone in a leadership position."

—**GERARD KLEISTERLEE, Chairman, Vodafone Group Plc**

"Implementing the decision quality processes described in this book should become the 'new normal' for all organizations and their leaders."

—**CHINA GORMAN, Former CEO, Great Place to Work Institute**

"The authors deliver an approach and philosophy that can provide an immediate and positive impact on personal and business decisions. Books that achieve this in such a readable format are rare indeed—acquiring a copy could be the first in a series of quality decisions!"

—**ANDREW EVANS, MBA, Unilever; Fellow, Society of Decision Professionals**

"A very savvy, sorely needed systematic approach to making uncertainty an integral dimension of the questions we ask and the answers we seek. Their strategy shows you how to judge the quality of your decisions without knowing or relying on outcomes that may or may not be a reflection of the actual decision process."

—**ROBERT A. BURTON, MD, Bestselling Author including *On Being Certain: Believing You Are Right Even When You're Not***

Users Review

From reader reviews:

Tommie Matthews:

This Decision Quality: Value Creation from Better Business Decisions book is absolutely not ordinary book, you have after that it the world is in your hands. The benefit you obtain by reading this book is actually information inside this e-book incredible fresh, you will get information which is getting deeper a person read a lot of information you will get. This Decision Quality: Value Creation from Better Business Decisions without we know teach the one who looking at it become critical in imagining and analyzing. Don't become worry Decision Quality: Value Creation from Better Business Decisions can bring if you are and not make your bag space or bookshelves' turn into full because you can have it inside your lovely laptop even cellphone. This Decision Quality: Value Creation from Better Business Decisions having good arrangement in word along with layout, so you will not experience uninterested in reading.

Henry Perry:

Nowadays reading books become more than want or need but also become a life style. This reading behavior give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book this improve your knowledge and information. The data you get based on what kind of e-book you read, if you want attract knowledge just go with education and learning books but if you want truly feel happy read one using theme for entertaining including comic or novel. Often the Decision Quality: Value Creation from Better Business Decisions is kind of guide which is giving the reader unforeseen experience.

Vicky Penn:

Information is provisions for anyone to get better life, information currently can get by anyone with everywhere. The information can be a know-how or any news even a concern. What people must be consider any time those information which is inside former life are challenging to be find than now could be taking seriously which one would work to believe or which one typically the resource are convinced. If you obtain the unstable resource then you have it as your main information it will have huge disadvantage for you. All of those possibilities will not happen with you if you take Decision Quality: Value Creation from Better Business Decisions as the daily resource information.

Jessica Hurst:

This Decision Quality: Value Creation from Better Business Decisions is great publication for you because the content which can be full of information for you who all always deal with world and still have to make decision every minute. This specific book reveal it information accurately using great plan word or we can point out no rambling sentences inside it. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only offers you straight forward sentences but hard core information with attractive delivering sentences. Having Decision Quality: Value Creation from Better Business Decisions in your hand like keeping the world in your arm, facts in it is not ridiculous just one. We can say that no guide that offer you world in ten or fifteen small right but this book already do that. So , this really is good reading book. Hey Mr. and Mrs. stressful do you still doubt that will?
