**Atlas of Fibre Fracture and Damage to Textiles, Second Edition** By John W. S. Hearle, Brenda Lomas, William D. Cooke

Based on over 25 years of research at the University of Manchester Institute of Science & Technology, Atlas of Fibre Fracture and Damage to Textiles contains more than 1,500 scanning electron micrographs and other pictures, offering a unique collection of documentary information. The explanatory text presents fibre and polymer scientists an explanation of fracture mechanisms and outlines way to maximize textile life span, enabling textile technologists and design engineers to manufacture improved textile products, and helping forensic scientists to identify cause of failure.

### **Editorial Review**

#### **Review**

...is a much needed forensic resource and probably the most comprehensive compilation dealing with textile damage...it is a worthy addition to forensic library collections.

--Glenn R. Carroll, in Canadian Society of Forensic Science, Vol. 33, No. 2

#### **About the Author**

John Hearle is Emeritus Professor of Textile Technology in the University of Manchester, UK and Senior Consultant to Tension Technology International. His life-long work on the mechanics of fibers and fiber assemblies and on fiber fracture and fatigue is recognized internationally.

Brenda Lomas was formerly a Senior Experimental Officer in the Department of Textiles at the University of Manchester Institute of Science and Technology, UK.

William D. Cooke is Senior Lecturer in the Department of Textiles at the University of Manchester Institute of Science and Technology, UK.

### **Users Review**

#### **From reader reviews:**

##### **Alicia Gentry:**

Why don't make it to be your habit? Right now, try to ready your time to do the important act, like looking for your favorite book and reading a publication. Beside you can solve your trouble; you can add your knowledge by the guide entitled Atlas of Fibre Fracture and Damage to Textiles, Second Edition. Try to make the book Atlas of Fibre Fracture and Damage to Textiles, Second Edition as your pal. It means that it can be your friend when you sense alone and beside regarding course make you smarter than in the past. Yeah, it is very fortunate for you. The book makes you a lot more confidence because you can know everything by the book. So, let us make new experience along with knowledge with this book.

##### **Juanita Hernandez:**

What do you regarding book? It is not important along? Or just adding material if you want something to explain what your problem? How about your time? Or are you busy individual?
