Shakedown Socialism: Unions, Pitchforks, Collective Greed, The Fallacy of Economic Equality, and other Optical Illusions of "Redistributive Justice"
By Oleg Atbashian

This is a brilliant study, profusely illustrated with cartoons and propaganda posters. Atbashian explains why Socialism cannot work. He exposes the injustice of "Collective Greed" and shows why Economic Equality is a fraud. The book is an eye-opener as the author illustrates his points with examples drawn from his life in the Soviet Union before 1994 and more recent events in the USA.

"Oleg Atbashian has written a timely warning for Americans about the collectivists among us and their plans for the future. I hope everyone reads this book."

-- David Horowitz, Author of **One Party Classroom** (2009)

"In his brilliant, witty, and wonderfully illustrated *Shakedown Socialism*, Oleg Atbashian -- who grew up in the Soviet Union, shows what is happening in Obama's America today, and explains why it is putting us on the road to ruin. *Shakedown Socialism* is an enlightening, sobering, and wonderfully clear explanation of why statism kills -- and thus also of why and how Barack Obama is killing the American economy. This book shows why Obama's statist economic policies are a looming disaster for America and for the spirit of the free human individual."

-- Pamela Geller, author, **The Post-American Presidency: The Obama Administration's War On America**

"Brightly written and filled with entertaining and illuminating illustrations, Oleg Atbashian's **Shakedown Socialism** is a clear and eye-opening guide to exactly what is wrong with socialism and state control of the means of production, and how it kills both the economy and human initiative. **Shakedown Socialism** is an essential and inspiring guide to the virtues of the free market."

-- Robert Spencer, author of the New York Times bestsellers **The Politically Incorrect Guide to Islam (and the Crusades)** and **The Truth About Muhammad**

About the Author

Oleg Atbashian, a writer and graphic artist from Ukraine, currently lives in New York. In the USSR he was a teacher, a translator, a worker, a freelance journalist, and at one time a propaganda artist, creating visual agitprop for the local Party committee in a Siberian town. He moved to the United States in 1994, hoping to forget about politics and enjoy life in a country that was ruled by reason and common sense, whose citizens were appreciative of constitutional rights, the rule of law, and the prosperity of free market capitalism. But what he found was a society deeply infected by the leftist disease of "progressivism" that was jeopardizing real societal progress. The result is this book, as well as many more essays, political parodies, and cartoons, published in various media in America and around the world. Most of it is collected at his satirical website ThePeoplesCube.com - a spoof of "progressive" ideology, which Rush Limbaugh described on his show as "a Stalinist version of the Onion."
