**Delmar's Case Study Series: Medical-Surgical Nursing** By Gina M Ankner

Bridge the gap between knowledge and clinical application with DELMAR'S CASE STUDIES SERIES: MEDICAL-SURGICAL NURSING 2ND EDITION. This collection of twenty-two unique and provocative real-life scenarios emphasizes holistic nursing care as it helps sharpen critical thinking skills and strengthens clinical competence. Every case contains an introductory "blueprint" of variables that must be considered while evaluating a particular scenario--pertinent information concerning the client, nursing protocol, and setting of care. Each blueprint and case is different, just as each clinical situation is unique. As you simulate the actual decision-making process, you'll gain valuable experience making informed clinical judgments. The accompanying answers and rationales for each case provide insight into excellent nursing practice and can be used for remediation and discussion.

### **About the Author**

Gina Ankner, RN, MSN, ANP-BC, is senior nurse coordinator and program director for the Specialty Care in Pregnancy Program (SCIPP) in the Department of Medicine at Women & Infants Hospital of Rhode Island. The only program of its kind in the United States, SCIPP brings a multidisciplinary team together to consult on cases of women whose pregnancy, or plan for pregnancy, is complicated by a medical condition. She is also responsible for outreach and new program development for the Department of Medicine. Prior to her current position at Women & Infants Hospital, she taught medical-surgical nursing for ten years at the University Of Massachusetts Dartmouth College Of Nursing. Ankner earned her bachelor's and master's degrees in nursing from Boston College.

## **Users Review**
