Editorial Review

Amazon.com Review

"SHE WAS YOUNG AND BEAUTIFUL BUT NOW SHE IS BATTERED AND DEAD. SHE IS NOT THE FIRST AND SHE WILL NOT BE THE LAST." Few cases in the history of true crime are as colorful and intriguing as that of Zodiac, the bizarre gunman in an executioner's hood who hunted the streets of San Francisco in the late 1960s and sent dozens of taunting letters to the police. Robert Graysmith provides ample details about the police investigation, including the full text and photos of most of the letters. *Zodiac* is an excellent starting point not only for the casual reader, but also for those interested in retracing the author's steps in order to pursue their own ideas about who the killer may have been. This book has been praised by the *San Francisco Chronicle*, the very paper in which the Zodiac's eerie messages and cryptograms were published: "Graysmith's taut narrative brings the horror back with jolt upon jolt."

From Library Journal

From 1968 to the early 1970s, the self-styled "Zodiac" killer made headlines in the San Francisco Bay Area. In random attacks, he is known to have murdered six persons; in a series of letters to newspapers, which sometimes included cryptograms, he boasted of many more. To this day, the infamous case remains unsolved and surprisingly little has been written about it. Graysmith, a San Francisco Chronicle staff member, was obsessed with the case from the beginning and he has continued to investigate it as an amateur sleuth. Except for "Zodiac" himself, the author now knows more about the case than anyone. In this full, chronological account, which will fascinate true crime readers, he speculates about the most likely suspect. Recommended. Gregor A. Preston, Univ. of California Lib., Davis
