About the Author
Thanks for your interest in the book! The contents, insights and practical tips inside come from over 14 years online e-commerce experience.

I've built up, done business in and subsequently sold 5 e-commerce and information site business networks (total 35 plus sites) all trading profitably. In addition I've built, managed, consulted on and SEO engineered many more websites for happy clients. This is my guarantee to you that you are in good hands.

This book simplifies and demystifies my best ideas, insights and strategies. It also details the mistakes I made so that you can avoid them and get it right from the start. I'm not a professional writer. I've written the book from cover to cover and published the book myself. Refusing to use a fancy-pants writer meant that the book has kept its raw edge - it's important that you feel my enthusiasm. The content is GOLD!
