The Clean Coder: A Code of Conduct for Professional Programmers - English Edition (Chinese Edition)

By RobertC.Martin

The Clean Coder: A Code of Conduct for Professional Programmers - English Edition (Chinese Edition) By RobertC.Martin

One common feature of programmers who is capable of bearing various uncertainties and continual pressures and winning the success is that they deeply pay attention to the practice of software creation. They regard the software as an artwork. They are the experts. From the viewpoint of ""Uncle Bob"", ""professional"" programmers should own professional skills as well as professional attitudes, which is the core content in this book. The professional attitudes include how to develop software with sense of honor, self-respect and pride, how to code better and cleanly, how to sincerely communicate and estimate, how to lucidly and sincerely make a decision in difficulties and how to understand the responsibilities related to professional knowledge.
