Nutrition for Health, Fitness and Sport By Melvin Williams

Nutrition for Health Fitness & Sport now in its Eleventh edition provides the reader with thorough coverage of the role nutrition plays in enhancing one's health fitness and sport performance. Current research and practical activities are incorporated throughout. This edition welcomes the addition of author J. David Branch along with the return of author Eric S. Rawson from the tenth edition both of whom are actively involved in the disciplines of exercise physiology and sports nutrition and who have used this textbook over the years to teach their university classes. The eleventh edition truly moves into blending the latest technology for individuals to utilize in combining nutritional and exercise choices for health and sports performance. Featured nutritional information includes the introduction to the Academy of Nutrition and Dietetics position stand on the total approach to healthy eating and to the latest report on Dietary Guidelines for Americans while exercise and physical activity featured content includes the introduction to High Intensity Interval Training (HITT) and its possible application to exercise for health along with the Compendium of Physical Activities. Enhanced discussion of the latest trends of various exercise applications (apps) and personal digital fitness measurement equipment such as fitness bands and fitness watches are also hallmarks of the eleventh edition. More than 300 new references including clinical studies reviews and meta-analyses have also been added to the text.

Editorial Review

About the Author

Melvin Williams is the Director of Human Performance Laboratory at Old Dominion University, and has more than 30 years of lab research with a focus on the role of nutrition in sports. He has written and edited five books on ergogenic aids and the role of nutrition in sports -- his two latest books are *The Ergogenics Edge: Pushing the Limits of Sports Performance* (Human Kinetics) and *Nutrition for Health, Fitness, and Sports*, Sixth Edition (McGraw-Hill). He earned a B.S. from East Stroudsburg State College (1962), a Master of Education degree from Ohio University (1963), and a Ph.D. from the University of Maryland (1968), with a doctoral dissertation on the effects of alcohol as a possible means to enhance strength and endurance. He's an accomplished marathon runner, placing first in his age group numerous times in the Marine Corps Marathon, which merited his selection in the Marine Corps Marathon Hall of Fame in 2001.

Users Review
