**Marijuana Legalization: What Everyone Needs to Know®** By Jonathan P. Caulkins, Angela Hawken, Beau Kilmer, Mark Kleiman

Should marijuana be legalized? The latest Gallup poll reports that exactly half of Americans say "yes"; opinion couldn't be more evenly divided.

Marijuana is forbidden by international treaties and by national and local laws across the globe. But those laws are under challenge in several countries. In the U.S., there is no short-term prospect for changes in federal law, but sixteen states allow medical use and recent initiatives to legalize production and non-medical use garnered more than 40% support in four states. California's Proposition 19 nearly passed in 2010, and multiple states are expected to consider similar measures in the years to come.

The debate and media coverage surrounding Proposition 19 reflected profound confusion, both about the current state of the world and about the likely effects of changes in the law. In addition, not all supporters of "legalization" agree on what it is they want to legalize: Just using marijuana? Growing it? Selling it? Advertising it? If sales are to be legal, what regulations and taxes should apply? Different forms of legalization might have very different results.

*Marijuana Legalization: What Everyone Needs to Know®* will provide readers with a non-partisan primer about the topic, covering everything from the risks and benefits of using marijuana, to describing the current laws around the drug in the U.S. and abroad. The authors discuss the likely costs and benefits of legalization at the state and national levels and walk readers through the "middle ground" of policy options between prohibition and commercialized production. The authors also consider how marijuana legalization could personally impact parents, heavy users, medical users, drug traffickers, and employers.

#### **Popular Topics in the "What Everyone Needs to Know" Series**

- International Politics
- Environmental Policies
- World History
- Sciences & Math
- Religion & Spirituality

From [Booklist](#)

In this nonpartisan book (the authors themselves, all public-policy academics, don't even personally hold the same viewpoints), readers will learn about the risks and benefits of marijuana legalization. The work outlines marijuana basics in a Q&A format—such as “Has marijuana been getting more potent?” and “Is marijuana really the nation's leading cash crop?”—and considers legal and personal ramifications, from distribution to taxation to addiction. A valuable primer for anyone interested in the current debate about the war on drugs. -- Rebecca Vnuk

## Review

"Here is a book by four leading experts who collaborate in answering questions about marijuana and its possible legalization. Everything you might want to ask, answered crisply and accurately! And the four authors give, at the end, their separate recommendations: they differ, but they've agreed on 149 answers. A remarkable collaboration, and a pioneering format worth emulating." -Thomas Schelling, Nobel Laureate in Economic Sciences "Essential reading for all who seek rational marijuana policies." -Eric Schlosser, author of *Reefer Madness* "Absolute best book there is for neutral information on marijuana and legalization no matter what side you are on." --Tony Dokoupil, MSNBC One of "The 10 Best Books on Pot." --Daily Beast One of "The Best Books about the American Drug War." --Huffington Post "Parents, educators, law enforcement and politicians - everyone, really - should read *Marijuana Legalization: What Everyone Needs to Know*. Assembled by the best policy analysts of our time, yet readable at the 6th grade level." --David Downs, co-author of *Beyond Buds* "This is an admirably thorough, well-balanced, fair, and sensible assessment of this particular issue within the larger context of federal drug policy. The authors are specialists in the field, and seem determined to explain the problem rather than offer dogmatic solutions." --The Weekly Standard "I'm going to start out by saying if you have any interest whatsoever in the drug legalization debate, then run - don't walk - to your local or online bookstore and get this book. . . [Y]ou, as the average American, can learn a LOT about marijuana use, distribution, enforcement, decriminalization at the state level, and the legalization debate by reading this book. I'll warn you; it may cause your values to shift from 'in favor' or 'against' into a happy level of indecisiveness, which always fosters a more civil level of debate." --Sylvia Longmire, author of *Cartel and Border Insecurity* "In this nonpartisan book (the authors themselves, all public-policy academics, don't even personally hold the same viewpoints), readers will learn about the risks and benefits of marijuana legalization. The work outlines marijuana basics in a Q&A format-such as 'Has marijuana been getting more potent?' and 'Is marijuana really the nation's leading cash crop?'-and considers legal and personal ramifications, from distribution to taxation to addiction. A valuable primer for anyone interested in the current debate about the war on drugs." - Booklist

## Users Review

### From reader reviews:

#### Eugene Obrien:
