## Measuring the Night: Evolutionary Astrology and the Keys to the Soul, Volume One By Steven Forrest, Jeffrey Wolf Green

Astrology, sacred psychology and reincarnation come together seamlessly in the hands of two of the world's premier metaphysical astrologers. Jeffrey Green's work "mirrors the eternal realities of the soul," according to the leading Danish astrology magazine STJERNERNE. Sting calls Steven Forrest's work "as intelligent and cogent as it is poetic." Based on the transcripts of a series of workshops that Green and Forrest gave together, this book pushes the ancient symbols of astrology to new heights of insight, lucidly and compellingly showing us how the soul's long history is reflected in the birthchart. Beneath the seeming randomness of life, there is a clear and meaningful order. MEASURING THE NIGHT provides the Rosetta Stone for unraveling it. The lecture format is warm, personal and informal, with lots of audience interaction. Forrest and Green team up to analyze the chart of a workshop participant volunteer, just as they would that of a client who had come for a reading.

### **Editorial Review**

#### **Review**

Astrology can only deepen and grow when astrologers dare to explore new ways of working with astrology. Two well-known and creative astrologers share their experience and insights in this book in a thought-provoking way. -- *Karen Hamaker-Zondag*

In creative echo of one another in this book, their lectures together capture the core of what each of these celebrated astrologers stands for as teachers of our art, our philosophy, our practical discipline. Steven's holistic presentation about the Sun and Jeffrey's emblematic presentation on the planetary Nodes define the stature of this compendium: alone, these two talks would be well worth the price of all ten presentations! -- *Noel Tyl*
