Editorial Review

Review

"Metahistory is something more than a study of philosophies of history (although it is that too, and no doubt the most important work in the field since Collingwood): it is also a methodological manifesto, a more sustained argument for a deep-figural hermeneutic than has been worked out anywhere before now." -- Diacritics

"This is a daring, ingenious... tour de force. White has produced a profoundly original 'critique of historical reason.'." -- American Historical Review

"A book that will simply have to be reckoned with by all historians who have the slightest interest in the genesis and forms of historical narrative." -- Journal of Modern History

Users Review

From reader reviews:

Ann Fout:

Book is definitely written, printed, or illustrated for everything. You can learn everything you want by a book. Book has a different type. We all know that that book is important matter to bring us around the world. Beside that you can your reading ability was fluently.
