The School Revolution: A New Answer for Our Broken Education System

By Ron Paul

Twelve-term Texas Congressman, Presidential candidate, and #1 *New York Times* bestselling author Ron Paul returns with a highly provocative treatise about how we need to fundamentally change the way we think about America's broken education system in order to fix it.

Whether or not you have children, you know that education is vital to the prosperity and future of our society. Yet our current system simply doesn't work. Parents feel increasingly powerless, and nearly half of Americans give our schools a grade of "C". Now, in his new book, Ron Paul attacks the problem head-on and provides a focused solution that centers on strong support for home schooling and the application of free market principles to the American education system. Examining the history of education in this country, Dr. Paul identifies where we've gone wrong, what we can do about it, and how we can change the way we think about education in order to provide a brighter future for Americans.

Editorial Review

About the Author

Ron Paul is a former twelve-term congressman from Texas and a #1 *New York Times* bestselling author. He has devoted his political career to the defense of individual liberty, sound money, and a non-interventionist foreign policy. Judge Andrew Napolitano once called him "the Thomas Jefferson of our day."

After serving as a flight surgeon in the U.S. Air Force in the 1960s, Dr. Paul moved to Texas to begin a civilian medical practice, delivering over four thousand babies in his career as an obstetrician. He served in Congress from 1976 to 1984, and again from 1996 to 2012. He and Carol Paul, his wife of fifty-one years, have five children, eighteen grandchildren, and one great-grandchild.

Ron Paul, the *New York Post* once wrote, is a politician who "cannot be bought by special interests."

Users Review

From reader reviews:

Brittany Belliveau:

As people who live in the modest era should be revise about what going on or info even knowledge to make them keep up with the era that is certainly always change and move ahead.
