Handbook of Theories of Social Psychology: Collection: Volumes 1 & 2 (SAGE Social Psychology Program) From SAGE Publications Ltd

Providing a comprehensive exploration of the major developments of social psychological theories that have taken place over the past half century, this innovative two-volume handbook is a state of the art overview of the primary theories and models that have been developed in this vast and fascinating field.

Authored by leading international experts, each chapter represents a personal and historical narrative of the theory's development including the inspirations, critical junctures, and problem-solving efforts that effected theoretical choices and determined the theory's impact and its evolution. Unique to this handbook, these narratives provide a rich background for understanding how theories are created, nurtured, and shaped over time, and examining their unique contribution to the field as a whole. To examine its societal impact, each theory is evaluated in terms of its applicability to better understanding and solving critical social issues and problems.

Editorial Review

Review

'These volumes would be of interest to professionals in the field, as each chapter provides a scholarly overview of each theory. Graduate students and those just beginning their professional careers should also find the personal narratives of interest. The opportunity to pull back the curtain and peek into the thought process of some of social psychology's most prominent theorists as they struggled with their creations is not only a valuable lesson but a treat as well. I look forward to adding these volumes to my personal collection' -

Mark A. Stambush

American Psychological Association

About the Author

Paul van Lange (1961) has been a Professor of Social Psychology at the VU since 2000 (and Special Professor at Leiden University from 1999-2008). He has published well over 100 articles on topics closely linked to trust and human cooperation in journals such as *Annual Review of Psychology*, *Journal of Personality and Social Psychology*, and *Psychological Bulletin*, and currently conducts research on topics such as (a) helping and altruism, (b) rewards and punishments, (c) aggression, hormones and sport, (d) norm violation and dishonesty, (e) social mindfulness, and (f) trust and misunderstanding in social dilemmas (see also recent publications below). Also, with various colleagues he has edited or authored a number of books such as the *Atlas of Interpersonal Situations* (Cambridge, 2003), *Bridging Social Psychology* (Erlbaum, 2006), *Handbook of Theories of Social Psychology* (Sage, 2012). He is currently working on *Social Dilemmas: Understanding Human Cooperation* (Oxford), *Power, Politics, and Paranoia* (Cambridge), and *How to Publish High Impact Research* (American Psychological Association). He serves or has served various editorial roles (for, among others, *Journal of Personality and Social Psychology* and *Psychological Science*) and currently serves as President for the Society of Experimental Social Psychology. Over the years, his research has been supported by various science foundations in the world, including The Netherlands Organization for Scientific Research, the European Union, the private sector, and grants from science foundations in China, Finland, Germany, Portugal, and Switzerland. Since 2009, he serves as Chair for the Department of Social and Organizational Psychology and leader for the research program Trust, Leadership, and Cooperation

Users Review

From reader reviews:

Paul Weston:

What do you with regards to book? It is not important with you? Or just adding material when you really need something to explain what the ones you have problem? How about your time? Or are you busy particular person? If you don't have spare time to try and do others business, it is give you a sense of feeling bored faster. And you have extra time? What did you do? Everybody has many questions above. They need to answer that question because just their can do which. It said that about book. Book is familiar on every person. Yes, it is appropriate. Because start from on guardería until university need this Handbook of Theories of Social Psychology: Collection: Volumes 1 & 2 (SAGE Social Psychology Program) to read.

Alicia Hendrickson:

Spent a free a chance to be fun activity to accomplish! A lot of people spent their leisure time with their family, or their own friends.
