If you were asked to define the word "witch," you might say that Witches are magick workers. If you were asked to define the word "Wicca," you might say that Wicca is a deep and meaningful religion shared by thousands upon thousands of people. But what would you call the combination of magick and religion? Can working magick be deep and meaningful? Can a religion work magick? Are these words the separate things they are often thought to be? This book screams the answer and that answer is not just yes but "Hell Yes!"
