Conducting Prescribed Fires: A Comprehensive Manual By John R. Weir

Landowners and managers, municipalities, the logging and livestock industries, and conservation professionals all increasingly recognize that setting prescribed fires may reduce the devastating effects of wildfire, control invasive brush and weeds, improve livestock range and health, maintain wildlife habitat, control parasites, manage forest lands, remove hazardous fuel in the wildland-urban interface, and create residential buffer zones.

In this practical and helpful manual, John R. Weir, who has conducted more than 720 burns in four states, offers a step-by-step guide to the systematic application of burning to meet specific land management needs and goals.

Editorial Review

Review

Well written with over 90 photos, *Conducting Prescribed Fires* is a great text covering all aspects of prescribed fire. --*Fire Ecology* 2010 6:115

In his book Weir takes this big-picture approach and thoughtfully addresses virtually every facet of prescribed fire management,...

--from *Rangelands* 32:74 Dec 2010 Ray Guse, Prescribed Fire Specialist, The Nature Conservancy, Victoria, TX, USA

With *Conducting Prescribed Fires*, John Weir makes a strong effort to fill a gap in our wildland fire management literature. --from *Fire Ecology* 6:115 Brian P. Oswald, Stephen F. Austin State University

". . . Experienced practitioners will benefit from reading this book as well as neophytes in the field."-Ron Masters,
director of research, Tall Timbers Research Station
(Ron Masters *director of research, Tall Timbers Research Station*)

"Empowering land managers working to reinvigorate vanishing fire cultures in our increasingly complex environment is well fleshed out in this book by John Weir. . . In his book Weir takes this big-picture approach and thoughtfully addresses virtually every facet of prescribed-fire management, and the safety of the public and those on the fire line is a common thread throughout. A manual such as this has been much needed, and the author should be applauded for this effort. . . Any reader will be engaged with and will benefit from the lessons shared by this highly experienced burner. . . as I neared the end of the book I realized that both a private landowner wanting to burn a small pasture for the first time or the professional burning thousands of acres per year would benefit greatly from reading this book, and I began thinking of all the people with whom I want to share it. I will always keep my copy at hand, and I consider it a valuable reference; however, given the notes I wrote in the margins of virtually every page, I do look forward to a second edition." — Ray Guse, Prescribed Fire Specialist, *Rangelands*

About the Author

JOHN R. WEIR is a research associate at Oklahoma State University, where he teaches courses on conducting prescribed fires and holds workshops on this subject for government and other agencies.

Users Review

From reader reviews:

Shelia Lopez:

Reading can called head hangout, why? Because when you find yourself reading a book specially book entitled *Conducting Prescribed Fires: A Comprehensive Manual* your thoughts will drift away trough every dimension, wandering in every single aspect that maybe unfamiliar for but surely can become your mind

friends. Imaging just about every word written in a reserve then become one application form conclusion and explanation in which maybe you never get prior to. The Conducting Prescribed Fires: A Comprehensive Manual giving you one more experience more than blown away your mind but also giving you useful info for your better life within this era. So now let us present to you the relaxing pattern this is your body and mind will be pleased when you are finished reading through it, like winning a casino game. Do you want to try this extraordinary paying spare time activity?

Lillie Corley:

Your reading 6th sense will not betray an individual, why because this Conducting Prescribed Fires: A Comprehensive Manual book written by well-known writer who knows well how to make book that may be understand by anyone who have read the book. Written in good manner for you, dripping every ideas and composing skill only for eliminate your hunger then you still uncertainty Conducting Prescribed Fires: A Comprehensive Manual as good book not only by the cover but also by content. This is one book that can break don't evaluate book by its cover, so do you still needing one more sixth sense to pick that!? Oh come on your reading sixth sense already said so why you have to listening to another sixth sense.

Charles Krueger:

Is it a person who having spare time in that case spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something new? This Conducting Prescribed Fires: A Comprehensive Manual can be the reply, oh how comes? A book you know. You are consequently out of date, spending your extra time by reading in this brand-new era is common not a nerd activity. So what these guides have than the others?

Michael Castillo:

As a student exactly feel bored for you to reading. If their teacher requested them to go to the library or even make summary for some e-book, they are complained. Just little students that has reading's internal or real their passion. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading really. Any students feel that studying is not important, boring along with can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Conducting Prescribed Fires: A Comprehensive Manual can make you really feel more interested to read.
