Editorial Review

Review

"This is a useful and necessary third edition because ACLS guidelines are continuously changing. The goal of ACLS is to provide not only rapid, but also effective treatment strategies. Therefore it is helpful to have a review guide that reflects the most recent AHA recommendations. This book's most impressive aspect is that it presents the core topics in a direct and concise manner, that makes it a quick read and easy to understand. 3 Stars."--"Doody's Review Service" .
