**The African-American Odyssey: Volume 2 (5th Edition)** By Darlene Clark Hine, William C. Hine, Stanley C Harrold

**More than any other text, *The African-American Odyssey* illuminates the central place of African Americans in U.S. history – not only telling the story of what it has meant to be black in America, but also how African-American history is inseparably weaved into the greater context of American history and vice versa.**

Told through a clear, direct, and flowing narrative by leading scholars in the field, *The African-American Odyssey* draws on recent research to present black history within broad social, cultural, and political frameworks. From Africa to the Twenty-First Century, this book follows their long, turbulent journey, including the rich culture that African Americans have nurtured throughout their history and the many-faceted quest for freedom in which African Americans have sought to counter oppression and racism. This text also recognizes the diversity within the African-American sphere – providing coverage of all class and of women and balancing the lives of ordinary men and women with the accounts and actions of black leaders and individuals.

## **Editorial Review**

### Review

Superior in content, sources, and organization. The text does a phenomenal job of profiling various people and moments throughout history. An additional strength of the book is the extensive use of visual aids and recommended readings at the conclusion of every chapter.

-David A. Terry, *San Joaquin Delta College*

The greatest challenge has been in finding a text that both on-campus and online students can utilize. The Hine text seems to have eliminated this challenge.

-Evyonne Hawkins, *Richland Community College*

I find it extremely well written, covering all of the bases. I wanted a text that does a good job with the basics of US history. Hine does that.

-Theodore Kallman, *San Joaquin Delta College*

What really makes this book stand out is the coverage of women and the many significant contributions they have made. My female students often thank me for choosing a book which makes them an important part of the story.

-Abel A. Bartley, *Clemson University*

### From the Back Cover

More than 4 million students are now using Pearson MyLab products!

### **Here are just a few ways MyHistoryLab can help you save time and improve results:**

**Pearson eText** — Just like the printed text, students can highlight and add their own notes. Students save time and improve results by having access to their book online.

**Gradebook** — Students can monitor their progress and instructors can monitor the progress of their entire class. Automated grading of quizzes and assignments helps both instructors and students save time and monitor their results throughout the course.

**History Bookshelf** — This compendium of resources includes up to 100 most commonly assigned history works like Thomas Paine's *Common Sense*, Upton Sinclair's *The Jungle*, and Machiavelli's *The Prince*.
