Dictionary of Geological Terms: Third Edition (Rocks, Minerals and Gemstones) From Anchor

Get Print Book

From *Aa* to *Zweikanter*, this popular dictionary has now been revised and updated. This edition includes over 1,000 new terms plus:

- accurate definitions without technical jargon
- many word origins
- hyphenation and pronunciation guide
- commonly used abbreviations
- a geologic time and life chart

The definitions in this book are drawn largely from the authoritative 36,000-term *Glossary Of Geology*, to which nearly 150 specialists from all fields of the geosciences contributed. Both the *Glossary* and this *Dictionary* were prepared as a service of the American Geological Institute, a federation of geoscience societies united to provide information to the science community and the public.
