The End Of Religion, The Beginning Of Self: Using The Hebrew Alphabet As Secret Wisdom Key By M.Sc. Bruno Curfs

Each chapter treats one letter of the Hebrew Alphabet and reveals it as the key to understanding. Each letter is a symbol expressing its own essence, therefore carrying meaning. Each letter relates recursively to the other ones by its letter-name, number and number-name. The Hebrew text of the Old Testament is written in this code of letter-numbers. The reader is guided through the meaning of letters, numbers, words and names, building them up from scratch. This enables a deeply sensible and thought-provoking reinterpretation of the Bible and its stories, not as religious, but as an inside-out map of the human psyche. With this key one may discover one's true Self.

Editorial Review

Review

"Author Bruno Curfs seeks to explore the profound and enigmatic nature of the Hebrew alphabet.

Mixing Talmudic and Midrashic teachings with Christian theology and Qabalah, Curfs examines each of the 22 Hebrew letters--from *aleph* to *tav*--and explains each letter's meaning, its corresponding number, and its use in scripture. Knowing this can lead all of us to a new level of consciousness and lasting peace.

Curfs' book is interesting, ambitious and dense. It has a free spirit of inquiry that is overall endearing; his poetic voice and insights are appealing. A bold idea of a book." - *BlueInk Review*

About the Author

Born in 1969 in the Netherlands, raised Roman Catholic, I studied Mathematics (1987-1993) and afterwards worked in Information Technology. In 1989 I converted to full gospel Christianity. I followed my own path, practically cut off from family and friends. I prayed God to show me His plan for my life for as long as I can remember. In 2001 I started to question my beliefs. This led to a crisis in 2006 that lasted for 2 years. In October 2007 I found a valuable reference that was mind-shattering and it changed my life forever. The question arose: "What now" This book is my heart-felt answer.

Users Review

From reader reviews:

Owen Bourne:

Now a day those who Living in the era everywhere everything reachable by talk with the internet and the resources inside it can be true or not require people to be aware of each facts they get. How a lot more to be smart in having any information nowadays? Of course the solution is reading a book.
