Editorial Review

Review

'Much has changed in the latest incarnation of this dictionary...More than 1,500 economists contributed almost 1,900 signed entries; more than 1,000 of the entries are new or 'heavily revised' and expanded. Along with the descriptions of economic method from earlier editions, this edition includes much information on 'what those methods have found.' It also offers new emphasis on advances that have occurred in microeconomics, Bayesian theory, game theory, and behavioral, international, and experimental economics...A regularly updated online version of the dictionary is available www.dictionaryofeconomics.com, with site license pricing based on institution type and FTE. Summing Up: Highly recommended.' - Choice

Winner of the 2008 Prose award for the Best Multi-Volume Reference Work in the Humanities and Social Sciences. The Dictionary was also a finalist and received an honourable mention in the Best eProduct category.

Reviews of the 1987 edition:

'The New Palgrave is in a class of its own...The dictionary does everything which one would hope of a successor to the original Palgrave dictionary. There will be no competitor for many decades.' - The Guardian

'This will be the standard reference work on economics until well into the next century.' - The World Economy

'The list of contributors reads like a who's who in economics. The range of topics is breathtaking. The choice of topics is excellent...It is overwhelmingly impressive...a very high quality product that is also unique.' - Martin L. Weitzman, Massachusetts Institute of Technology

'To attempt such an undertaking was audacious, to have carried it out is astonishing, and to have done so with so remarkable a list of authors is a tribute to the intelligence and diligence of the editors.' - Alan S. Blinder, Princeton University

'The New Palgrave will be an indispensable reference tool for both junior and senior scholars in economics and perhaps even more for the journalist or business executive. The topics are exhaustive.' - Kenneth J. Arrow, Nobel Prize Winner in Economics

Users Review

From reader reviews:

James Goodman:

Do you certainly one of people who can't read pleasant if the sentence chained within the straightway, hold on guys that aren't like that. This The New Palgrave Dictionary of Economics (8 Volume Set) book is readable by means of you who hate the straight word style. You will find the details here are arrange for enjoyable looking at experience without leaving possibly decrease the knowledge that want to offer to you. The writer of The New Palgrave Dictionary of Economics (8 Volume Set) content conveys the idea easily to understand by many people. The printed and e-book are not different in the written content but it just different available as it. So , do you continue to thinking The New Palgrave Dictionary of Economics (8 Volume Set) is not loveable to be your top checklist reading book?

Richard Williams:

Information is provisions for those to get better life, information nowadays can get by anyone on everywhere. The information can be a knowledge or any news even a huge concern. What people must be consider if those information which is inside former life are difficult to be find than now's taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you find the unstable resource then you buy it as your main information you will have huge disadvantage for you. All of those possibilities will not happen in you if you take The New Palgrave Dictionary of Economics (8 Volume Set) as the daily resource information.

Ruben Jenkins:

Do you one of the book lovers? If so, do you ever feeling doubt if you find yourself in the book store? Aim to pick one book that you just dont know the inside because don't determine book by its deal with may doesn't work at this point is difficult job because you are afraid that the inside maybe not because fantastic as in the outside look likes. Maybe you answer is usually The New Palgrave Dictionary of Economics (8 Volume Set) why because the fantastic cover that make you consider about the content will not disappoint you actually. The inside or content is definitely fantastic as the outside or cover. Your reading 6th sense will directly guide you to pick up this book.

Regina Dye:

This The New Palgrave Dictionary of Economics (8 Volume Set) is great reserve for you because the content that is full of information for you who else always deal with world and have to make decision every minute. This book reveal it info accurately using great plan word or we can declare no rambling sentences inside it. So if you are read it hurriedly you can have whole info in it. Doesn't mean it only provides you with straight

forward sentences but tough core information with attractive delivering sentences. Having The New Palgrave Dictionary of Economics (8 Volume Set) in your hand like keeping the world in your arm, details in it is not ridiculous a single. We can say that no e-book that offer you world inside ten or fifteen minute right but this book already do that. So , it is good reading book. Hi Mr. and Mrs. active do you still doubt that?
