Unholy Trinity: The Vatican, The Nazis, and The Swiss Banks By Mark Aarons, John Loftus

Written in riveting fashion by the coauthors of *The Secret War Against the Jews*, *Unholy Trinity* tells one of the darkest tales of World War II. After the war had ended, fearing a surge of Soviet growth, the Papacy entered into an espionage alliance with British and American intelligence agents. Subsuming justice to the nascent Cold War ideology, these three powers ferreted Nazi criminals out of Europe so that they could be used in the supposedly greater fight against Communism. The Vatican's Nazi smuggling network was penetrated by Prince Anton Turkul, the great Soviet double agent who turned the operations into a sting for his masters in the Kremlin. *Unholy Trinity* exposes Turkul's "Red Nazi" operation for the first time and shows how Kim Philby, the infamous British-Soviet double agent, and his network were nearly sacrificed to preserve Turkul's Vatican operation.

Exploring the Vatican's role in aiding Nazi criminals to escape punishment for their crimes, this book, originally published in 1991, first revealed the Vatican--Swiss bank connection to Nazi gold and documented the hidden links to Western investors in Nazi Germany. Since 1991, major revelations about the role of Swiss banks have confirmed *Unholy Trinity*'s expose of the flight of the Nazi's stolen treasures; the new introduction and new final chapters, written by Aarons and Loftus for this edition, bring the book completely up to date and show how the media have missed the vital Vatican connection in the Swiss-bank story. Among other things, the authors demonstrate that U.S. and British code-breakers were fully aware of the Holocaust as early as 1941 but lied to the Western press; that the code-breakers bugged the Swiss banks and then buried secrets of Nazi gold transfers to protect U.S. intelligence chief Allen Dulles; and that the Australian, British, and Canadian governments are still waging a campaign to keep their citizens ignorant about the Nazi war criminals living among them.

Covers all these topics and more, *Unholy Trinity* is the definitive history of a series of profoundly disturbing cover-ups involving the Holy See, Allen Dulles, the Swiss banks, and the remnants of the Third Reich.

Editorial Review

From Library Journal

Aarons and Loftus make a valiant effort to untangle the complex trails of diplomatic and intelligence operations in postwar Europe, focusing on Vatican participation. They document the Vatican role in British and American smuggling of Nazis to Latin America and in sending Nazi "Freedom Fighters" to Eastern Europe, noting the key role of Giovanni Montini (later Pope Paul VI). The authors conclude that Western intelligence was heavily infiltrated by double agents who harnessed many operations to Moscow's ends. Though perhaps less startling to historians than the authors suggest, this deliberately provocative account will undoubtedly stir up controversy. Buy it if you have interested patrons.

From Kirkus Reviews

Head-spinning documentation of how Vatican immunity shielded Nazi war criminals from just punishment--and unwittingly aided the Communist cause. Aarons is an Australian expert on Nazi fugitives; Loftus (*The Belarus Secret*, 1982) is the former chief prosecutor of the Justice Department's Nazi War Crimes Unit. Vatican accommodation of Nazi escapees is well known. Less known is that by 1944 Soviet intelligence had penetrated German intelligence and was using the Vatican, which was smuggling tens of thousands of Nazis to Argentina and elsewhere via diplomatic immunity, to infiltrate the Nazi escapees with large cadres of Communist spies. Similarly, Red spies joined the German scientists being swept off to Britain and America immediately after the war (without standing trial for war crimes); thereafter, the Soviets were privy to atomic secrets firsthand. Much of this activity, according to the authors, sprang from an episode in which Papal Nuncio Eugenio Pacelli (later Pope Pius XII) was attacked by Communists in Munich on May Day 1919 and became a fervent, lifelong anti-Communist. Thus came about his ties with the Nazis, who during the Nazi occupation of Italy threatened the Vatican's very survival. Referring to the infiltration of British intelligence at its top levels by Soviet spies, Aarons and Loftus proclaim that "behind the Nazis were the Vatican, behind the Vatican were the British, behind the British were the Communists." One old spy, though, told the authors, "Forget the Communists. Trace the money." Doing this, they report briefly--perhaps as a teaser for their promised follow-up book--on clever international banking concerns outwitting WW II politicians, militarists, and intelligence services for their own aggrandizement. Much that is new, all of it disturbing. -- Copyright ©1991, Kirkus Associates, LP. All rights reserved.

Review

"Meticulously researched, carefully documented...The shadow of these accusations still hangs heavy and dark over the twentieth-century Church." ?*Morris West, author of The Shoes of the Fisherman*

"Impossible to put down." ?*Publishers Weekly*

"Head-spinning documentation of how Vatican immunity shielded Nazi war criminals from just punishment." ?*Kirkus Reviews*

"[*Unholy Trinity*] is an important and meticulously researched piece of work and deserves the sort of massive readership reserved for books that the British government ham-fistedly attempts to ban." ?*The Literary Review*

Users Review

From reader reviews:

Katrina White:

Do you have favorite book? Should you have, what is your favorite's book? Reserve is very important thing for us to find out everything in the world. Each e-book has different aim or perhaps goal; it means that reserve has different type. Some people feel enjoy to spend their the perfect time to read a book. They can be reading whatever they take because their hobby is definitely reading a book. How about the person who don't like looking at a book? Sometime, particular person feel need book after they found difficult problem as well as exercise. Well, probably you should have this Unholy Trinity: The Vatican, The Nazis, and The Swiss Banks.

Guadalupe Ramsey:

Spent a free time and energy to be fun activity to perform! A lot of people spent their spare time with their family, or their very own friends. Usually they carrying out activity like watching television, planning to beach, or picnic inside park. They actually doing same task every week. Do you feel it? Do you want to something different to fill your current free time/ holiday? Could possibly be reading a book could be option to fill your totally free time/ holiday. The first thing you ask may be what kinds of reserve that you should read. If you want to try out look for book, may be the book untitled Unholy Trinity: The Vatican, The Nazis, and The Swiss Banks can be very good book to read. May be it may be best activity to you.

Maria Gray:

This Unholy Trinity: The Vatican, The Nazis, and The Swiss Banks is brand-new way for you who has attention to look for some information since it relief your hunger info. Getting deeper you onto it getting knowledge more you know or you who still having bit of digest in reading this Unholy Trinity: The Vatican, The Nazis, and The Swiss Banks can be the light food for you personally because the information inside this kind of book is easy to get through anyone. These books build itself in the form that is reachable by anyone, that's why I mean in the e-book application form. People who think that in guide form make them feel drowsy even dizzy this e-book is the answer. So there is absolutely no in reading a reserve especially this one. You can find actually looking for. It should be here for anyone. So , don't miss the item! Just read this e-book type for your better life along with knowledge.

Clara Duke:

As we know that book is vital thing to add our understanding for everything. By a e-book we can know everything we really wish for. A book is a pair of written, printed, illustrated as well as blank sheet. Every year has been exactly added. This reserve Unholy Trinity: The Vatican, The Nazis, and The Swiss Banks was filled about science. Spend your spare time to add your knowledge about your science competence. Some people has various feel when they reading some sort of book. If you know how big benefit of a book, you can feel enjoy to read a book. In the modern era like today, many ways to get book that you simply wanted.
