The city is failing and no one else can see it. Its soldiers exploit the castle's servants, confident that deadly wielders have been exterminated; wars are fought to encourage otherwise absent mortality; countless people suffer from the terrible pangs of nalka, the hunger for intimacy; and all the while its king concerns himself with choosing which of his disappointing concubines to execute next.

The duty falls upon the king's son, Kahr Morghiad of House Sete'an, to restore the city's strength and the army's purpose. In his attempts to right these wrongs, he uncovers darker horrors and encounters a woman with forbidden powers - a woman who could be his greatest ally or his greatest threat.

## Editorial Review

### Review

"I have pretty much told everyone they need to check out this book. I've even brought it up over dinner with my family and friends, because I found it that enjoyable, and I haven't done that with a book in a long while."

*-J.Hooligan, Platypire Reviews for Nerd Girl Official*

"I've never read anything quite like this and it got its hooks in my brain." *-Inkspelled Faery, blogger and reviewer*

"It's almost like reading Homeland by Salvatore if we threw a bunch of sexual tension into the mix." *-Friday Indie Review*

"It is more of a Terry Pratchett meets Trudi Canavan and has a picnic with George RR Martin kind of book. I enjoyed it and because I have already read the sequel Nation of Blaze (The Fireblade Array) I can honestly say it gets bigger, better and even more interesting." *-Cheryl MM, Top Amazon Reviewer*
