The United States and Western Europe since 1945: From "Empire" by Invitation to Transatlantic Drift By Geir Lundestad

Based on new and existing research by a world-class scholar, this is the first book in 20 years to examine the dynamics of the American-European relationship since 1945. Lundestad examines how the relationship between the United States and Europe is becoming increasingly strained, and offers a topical view of the future of this relationship.

Editorial Review

Review

"This book is a must read for political scientists, historians, and anyone interested in the transmutations of international relations and issues of hegemony and coherence in alliance systems. It is written in a concise, jargon-free style that makes it appealing to a larger audience. The unpolemical character of the prose and the balanced judgements add to the many virtues of this book, which offers a powerful argument, presents a sophisticated narrative, and is a magisterial, and, indeed, the best synthesis available of transatlantic relations since 1945--a massive achievement."--*Political Science Quarterly*

About the Author

Geir Lundestad is at Director of the Norwegian Nobel Institute, and Adjunct Professor in the Department of History at the University of Oslo.

Users Review

From reader reviews:

Elvia Wirtz:
