Tripartite: Includes: Quantification, The Divine Proportion and Secrets In Plain Sight: Leonardo da Vinci By Scott Onstott

Tripartite includes three thematically-interconnected books in one binding that is more than the sum of its parts. Seeing the aesthetically-rich color illustrations and reading all three texts can induce novel whole-brained insights. The divine proportion is the golden thread running throughout Tripartite, guiding seekers on their own paths through the cosmic labyrinth. The cover suggests another tripartite—a Body:House:Cosmos homology that is at the core of all sacred traditions. Here we see it take the form of the Sphinx, the Great Pyramid and the Nebula, each representing 33.3% of the whole.
