Fans of Douglas Adams and P. G. Wodehouse will love visiting Jasper Fforde's Great Britain, circa 1985, when time travel is routine, cloning is a reality (dodos are the resurrected pet of choice), and literature is taken very, very seriously: it's a bibliophile's dream. England is a virtual police state where an aunt can get lost (literally) in a Wordsworth poem and forging Byronic verse is a punishable offense. All this is business as usual for Thursday Next, renowned Special Operative in literary detection. But when someone begins kidnapping characters from works of literature and plucks Jane Eyre from the pages of Brontë's novel, Thursday is faced with the challenge of her career. Fforde's ingenious fantasy—enhanced by a Web site that re-creates the world of the novel—unites intrigue with English literature in a delightfully witty mix. Thursday's zany investigations continue with six more bestselling Thursday Next novels, including *One of Our Thursdays is Missing* and the upcoming *The Woman Who Died A Lot*. Editorial Review

Amazon.com Review

Penzler Pick, January 2002: When I first heard the premise of this unique mystery, I doubted that a first-time author could pull off a complicated caper involving so many assumptions, not the least of which is a complete suspension of disbelief. Jasper Fforde is not only up to the task, he exceeds all expectations.

Imagine this. Great Britain in 1985 is close to being a police state. The Crimean War has dragged on for more than 130 years and Wales is self-governing. The only recognizable thing about this England is her citizens' enduring love of literature. And the Third Most Wanted criminal, Acheron Hades, is stealing characters from England's cherished literary heritage and holding them for ransom.

Bibliophiles will be enchanted, but not surprised, to learn that stealing a character from a book only changes that one book, but Hades has escalated his thievery. He has begun attacking the original manuscripts, thus changing all copies in print and enraging the reading public. That's why Special Operations Network has a Literary Division, and it is why one of its operatives, Thursday Next, is on the case.

Thursday is utterly delightful. She is vulnerable, smart, and, above all, literate. She has been trying to trace Hades ever since he stole Mr. Quaverley from the original manuscript of *Martin Chuzzlewit* and killed him. You will only remember Mr. Quaverley if you read *Martin Chuzzlewit* prior to 1985. But now Hades has set his sights on one of the plums of literature, *Jane Eyre*, and he must be stopped.

How Thursday achieves this and manages to preserve one of the great books of the Western canon makes for delightfully hilarious reading. You do not have to be an English major to be pulled into this story. You'll be rooting for Thursday, Jane, Mr. Rochester--and a familiar ending. --*Otto Penzler*

From Publishers Weekly

This novel might be called "James Bond Meets Harry Potter in the Twilight Zone." In fact, the reader plays "name that literary reference" through most of this zany work, where characters wander around in time from the Crimean War through the present and into the future, and in and out of novels including, of course, *Jane Eyre*. The narrator, Tuesday Next, is a tough, gun-totin' heart-of-gold heroine with a pet dodo, a true love she has refused to acknowledge and a brilliant, dotty scientist uncle named Mycroft. Her job is to rescue literary characters kidnapped out of books from being wiped off the face of every copy of a work by tracking down and outwitting the purely evil Asheron Hades and Goliath Corporation greedyman Jack Shit. Throughout, discussions of who really wrote Shakespeare's plays abound, along with send-ups of every literary genre from the highest to the lowest brow. Sastre's reading works particularly well because she's good at the straight narrative, while the nature of the book's language makes melodramatic voices for the other bizarre characters. Simultaneous release with the Viking hardcover (Forecasts, Dec. 17, 2001).

From School Library Journal

Adult/High School-A delightful first book in a proposed series set in an alternative and offbeat Britain of 1985 and featuring Literary Detective Thursday Next. England is still fighting the Crimean War with Imperialist Russia, and the prevailing culture is based on literature. When the original manuscript of Charles Dickens's *Martin Chuzzlewit* is stolen, it is a high crime indeed, and Next is called in to help catch the culprit. To make matters worse, her "mad as pants" but brilliant uncle has created a machine that could cause all kinds of literary mayhem. This title has a cast of complete nutters. Acheron Hades, the world's third most

wanted villain, has just the right mix of evil and charm to make readers look forward to meeting the first and second most wanted. Be warned that minor passersby may come round again in this "mad tea party" of a story. The novel has the surrealism and satire of Douglas Adams, the nonsense and wordplay of Lewis Carroll, and the descriptive detail of Connie Willis. What sets Fforde's work apart, however, is its winsome heroine. This is a highly entertaining mystery with social satire, time travel, fantasy, science fiction, and romance thrown in to the well-written mix.
