## Manners By Kate Spade

Making a good first impression, tipping for a haircut, dispensing with a large handful of cherry pits, and determining the so-called pedestrian passing lane on a crowded sidewalk are just some of the many etiquette conundrums we all face. As liberated as we've become in our dress and in our lifestyles, good manners are still essential.

Whether you're in Boston or in Phoenix, and whether you're a record producer or a dog groomer, the same quandaries can occur: Who goes through a revolving door first, a man or a woman? When is it polite to correct someone's mispronunciation of your name? And what if you can't see over the head of the person who has just sat in front of you at the movies?

For Kate Spade, growing up in a large family required good manners, and to this day they are a natural part of her daily routine. In *Manners*, she shares her ideas about etiquette in lighthearted but down-to-earth terms. Kindness, common sense, and levity are the foundation for good manners at home, when dining, in the office, or out in public (at a sporting event or on an airplane). The art of communication is still important today, especially when it comes to written correspondence and being considerate when using cell phones, and Kate has something to say on both subjects. A "Manners Miscellany" concludes the book, casting a wide net over topics such as air kissing and "we must do lunch" to competitive parking, rain checks, and re-gifting.

*Manners* is an unpretentious guide to navigating the social shoals of modern life. Kate's sensible commentary coupled with the nearly 200 captivating watercolor illustrations make *Manners* a welcome addition to any home library. As portrait photographer Slim Aarons writes, "Good manners are never passé."

### Editorial Review

#### Amazon.com Review

Back in 1993, the editor-turned-designer Kate Spade made a splash in the fashion world by turning out a small collection of boxy, utilitarian handbags, each elegantly accented with her name stitched in discreet, lowercase letters. As a result, the simplicity and unabashed refinement of the Spade moniker on those Lilliputian labels has come to define the very foundation on which the designer has since built a fashion empire, one that now, in addition to handbags, includes shoes, clothing, and smart home things, all of which embody the Spade formula of timeless style--a seamless merging of cheerful colors, clean shapes, and well-chosen embellishments. Not bad for a Kansas City-born girl who used to comb vintage stores for fun. Having perfected and expertly marketed her own brand of personal style (one that has famously been counterfeited throughout the world), the designer has emerged with an equally elegant trio of books whose topics Spade has become a virtual authority: *Style*, *Occasions*, and *Manners*.

Spade overhauls and replenishes our wardrobes in and celebrations in *Occasions*. With *Manners*, the designer steers us through the more sensitive arena of etiquette, showing us how to pull it all together with grace and style. Common conundrums like tipping, thank-you notes, and maneuvering embarrassing moments like "toothsome tidbits" (spinach between your teeth) are all succinctly addressed. But Spade picks up where Emily Post left off by dealing with more modern mysteries like "Cell Hell" and sample sales with wit and wisdom. Best of all the approach is decidedly un-preachy, which makes this new twist on the manners mix a fun read. --*Christene Barberich*

#### From [Booklist](#)

Moving from creating handbags to dispensing advice, Kate Spade, of the eponymous fashion house, plunges into publishing with a smart little book akin to Coco Chanel's oh-so-classic little black dress. Surprisingly, her volume yields a goodly amount of verve and veracity, wit and wisdom. It begins with a few questions and answers (called "Have you ever wondered?"), which function as teasers to what lies within. The book is divided into three sections; two are filled with direct advice and the third is a collection of miscellany. The advice is classic and always in the best of taste. *Barbara Jacobs*

#### About the Author

Kate Spade grew up in Kansas City, Missouri. After graduation she went to Mademoiselle magazine and became senior fashion editor/head of accessories before leaving in 1991. In 1993 she and her boyfriend, now husband, Andy Spade launched kate spade handbags, which has grown exponentially over the past decade and has established Kate Spade as a style icon.

### Users Review

#### From reader reviews:

#### Henry Reavis:

This Manners book is not really ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is usually information inside this e-book incredible fresh, you will get facts which is getting deeper you actually read a lot of information you will get. That Manners without we know teach the one who studying it become critical in imagining and analyzing. Don't possibly be worry Manners can bring if you are and not make your case space or bookshelves' turn into full because you can have it

within your lovely laptop even phone. This Manners having excellent arrangement in word and layout, so you will not feel uninterested in reading.

### **Martin Dowling:**

Reading a guide tends to be new life style in this era globalization. With reading you can get a lot of information that could give you benefit in your life. Along with book everyone in this world could share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire all their reader with their story or their experience. Not only the storyline that share in the books. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach your kids, there are many kinds of book which exist now. The authors on earth always try to improve their skill in writing, they also doing some investigation before they write on their book. One of them is this Manners.

### **Donnie Ned:**

This Manners is new way for you who has fascination to look for some information given it relief your hunger of information. Getting deeper you on it getting knowledge more you know or you who still having tiny amount of digest in reading this Manners can be the light food for you personally because the information inside this book is easy to get simply by anyone. These books produce itself in the form which is reachable by anyone, yes I mean in the e-book web form. People who think that in e-book form make them feel sleepy even dizzy this book is the answer. So there isn't any in reading a book especially this one. You can find what you are looking for. It should be here for a person. So , don't miss the idea! Just read this e-book type for your better life as well as knowledge.

### **Charles Parker:**

Reading a book make you to get more knowledge as a result. You can take knowledge and information from the book. Book is prepared or printed or illustrated from each source that filled update of news. In this modern era like at this point, many ways to get information are available for you. From media social including newspaper, magazines, science e-book, encyclopedia, reference book, new and comic. You can add your knowledge by that book. Do you want to spend your spare time to open your book? Or just trying to find the Manners when you needed it?
