## The essential futures market reference guide

*A Complete Guide to the Futures Market* is the comprehensive resource for futures traders and analysts. Spanning everything from technical analysis, trading systems, and fundamental analysis to options, spreads, and practical trading principles, *A Complete Guide* is required reading for any trader or investor who wants to successfully navigate the futures market.

Clear, concise, and to the point, this fully revised and updated second edition provides a solid foundation in futures market basics, details key analysis and forecasting techniques, explores advanced trading concepts, and illustrates the practical application of these ideas with hundreds of market examples. *A Complete Guide to the Futures Market:*

- Details different trading and analytical approaches, including chart analysis, technical indicators and trading systems, regression analysis, and fundamental market models.
- Separates misleading market myths from reality.
- Gives step-by-step instruction for developing and testing original trading ideas and systems.
- Illustrates a wide range of option strategies, and explains the trading implications of each.
- Details a wealth of practical trading guidelines and market insights from a recognized trading authority.

Trading futures without a firm grasp of this market's realities and nuances is a recipe for losing money. *A Complete Guide to the Futures Market* offers serious traders and investors the tools to keep themselves on the right side of the ledger.
