SAP Certified Application Specialist - SAP BW on SAP HANA (Edition 2015) - E_HANABW151

These questions are similar to the ones asked in the actual Test.

How should I know? I know, because although I have been working as an SAP HANA/BW/BI Consultant for many years, I have myself recently certified with the latest version of the Application Specialist Certification test.

Before you start here are some Key features of the SAP Certified Application Specialist - SAP BW on SAP HANA Certification Exam.

The "SAP Certified Application Specialist - SAP BW on SAP HANA (Edition 2015)" certification exam verifies that the candidate has the knowledge of implementing and modeling SAP BW on SAP HANA required by the profile of an SAP BW application consultant.

This certificate builds on both the basic knowledge gained in related BW-on-HANA training and documentation, as well as on practical experience gained as a member of a SAP HANA team where the candidate would apply this knowledge practically in projects.

This certification is issued to candidates that successfully passed the certification exam for the "SAP Certified Application Associate - Modeling and Data Management with SAP BW 7.3 & SAP BI 4.0" (C_TBW55_73) or comparable certification exams (C_TBW45*, P_BIE*, C_TBW60_74).

The exam is Computer based and you have 90 minutes to answer 40 Questions. The Questions are (mostly) multiple choice type and there is NO penalty for an incorrect answer.

Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points.

For questions with a single answer, the answers will have a button next to them. You will be able to select only one button.

For questions with multiple answers, the answers will have a 'tick box' next to them. This allows you to select multiple answers.

You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system).

Clearing the Certification will not automatically lead you to a job.

However a Certification with some project experience will certainly open a lot of doors for you.

So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore.

Helping you with the first step on your ladder to success is this book!

Some UNIQUE features of this Book:

- There is NO Other material in the market for the SAP Certified Application Specialist - SAP BW on SAP HANA (Edition 2015) Exam
- The authors have themselves cleared the exam.
